Articles of Incorporation For Jack London Memorial Filed

Matthew Watt Is Found Dead At His Home In Schellville

$1,000,000 IS CAPITAL STOCK OF GLEN ELLEN CO.

Plans Take Shape for Magnificent Project On Which Construction Work Will Start Soon.

That the magnificent plans for a memorial shrine at Glen Ellen to the late Jack London are to go through and become a reality is evidenced by the filing of articles of incorporation of the holding corporation of the Jack London Memorial Association at Sacramento Thursday. Mrs. Eliza Shepard, named as a director of the holding company which will direct the affairs of the $1,000,000 Jack London Memorial Association, was in San Francisco Tuesday conferring with the men working out the plans for this big project in the Valley of the Moon. Mrs. Shepard states that the business end of the vast memorial is in excellent shape, even to the leasing of the splendid hotel which is to rise from one of the beautiful eminences on the late author's ranch and is to be the nucleus of the art colony.

Mr. Gottesfeld, with whom the art colony memorial is a long cherished dream, plans a trip to Europe, but will not leave until construction work starts at the ranch.

Incorporation of the society itself will follow within a month, and construction of the Jack London shrine, laying out of polo grounds, the golf course, out of door theatre and swimming pool, and preparations for erection of a tourist hotel, the only public feature of the program, will begin at once thereafter.

Directors of the holding corporation, which is to control the property and direct the development work are Mrs. Eliza Shepard of Glen Ellen, sister of the famous novelist; Robert L. Mann, Frank J. Wallace, Lela Geddes and Harry Gottesfeld of San Francisco, all of whom are votaries of art and literature.

Plans for the Jack London memorial call for construction of a 61 room club house, which will rise from the ruins of the home which the novelist was building when the structure was

PROMENADE CONCERT AND LAWN FETE

The Sonoma Valley Improvement Club will give one of its most delightful affairs of the summer season on Wednesday, July 29th, at the Agua Caliente Hotel, when a lawn fete and promenade concert is scheduled. Admission will be free. There will be a five piece orchestra, refreshments and dancing, with the big attraction of Princess Luisa, beautiful doll named after Luisa Vallejo Emparan, which will be awarded that afternoon. For some time past tickets on the doll and its wonderful hope chest have been on sale. Many are still available. The doll is richly costumed and has a complete trousseau.

Mrs. J. J. Northmore heads the committee working for the success of the fete.

Swimming and entertainment at the bath house and Poppe Bowl will be enjoyed in conjunction with the fete.

Overseas Heroes Discover Each Other In Sonoma

The day of the landmarks festivities Fred Helberg, Jr., and Fulton Dal Porto, two ex-service men of whom Sonoma Valley can well be proud, met at the barbecue. They merely knew that each had been in the service, but after comparing dates discovered they had both gone overseas July 14, 1918, on the same convoy and were in the same camp in France. Both served in the Field Artillery, but never knew each other. The old vets had a great talk fest after comparing their war experiences.

NEW TEACHERS FOR HIGH SCHOOL FACULTY

D. A. Pfeiffer, graduate of the Oregon Agricultural College, will fill the position of instructor in agriculture and physical educator, made vacant by the resignation of L. L. Stenquist. Mr. Stenquist's leavetaking is regretted by many friends. He has gone to Southern California.

Mrs. M. K. Gilbert, of New York, U. C., and other colleges, where she has done postgraduate work, will succeed Miss Olsen as teacher of domestic science and girls' physical training.

Miss Dorothy Godward, highly recommended in mathematics and Spanish, is a third teacher chosen and there is still a fourth to be selected, the latter to succeed J. W. Benton in the manual training department.

PLEASED AT LEGION AID

Mrs. Eliza Shepard is proud of the showing of Sonoma Valley and Sonoma county in the recent drive for the American Legion fund and reports that we went "over the top". She extends her thanks for generous aid to the following and others who gave to the worthy cause: Sonoma State Home, Mr. and Mrs. R. P. Hill, Mr. and Mrs. J. Pancrazi, George Fetters, Mr. and Mrs. C. J. Poppe, Charles Pagani, El Verano Lumber Company, F. Duhring, W. Clewe, L. S. Simmons, William Baines, Thomas Corcoran, George Samuel, Mr. and Mrs. W. L. Murphy, Mr. and Mrs. Christy, Judge Justi, H. Colman, H. Heuer, Mrs. George O'Donnell, H. G. Buck and J. Cambou.

VINEBURG HIGHWAY COMPLETION PLANS

At the July session of the Board of Supervisors plans and specifications which have been prepared for the Vineburg to state highway will be acted upon. The present highway will be continued.

THREE FIRES THIS WEEK

Three grass fires during the past week brought the Boyes Springs and Villey fire engines to the scene of the danger. The worst grass fire was north of town on the Weyl ranch leased for pasture by Maffei Brothers who have 50 head of stock there. The Boyes engines did splendid work and great credit is due the firemen.

One Shipment of Astrachans Left Vineburg This Week; Packing House Opens July 1st

The first carload of Sonoma Valley apples left Vineburg this week. They were of the Astrachan variety and fine fruit. The Sonoma Valley Apple Growers' Association had an enthusiastic meeting Monday night and decided to make July 1st the opening date of the big packing house at Vineburg. The packing of our famous Gravenstein apples will start then, with shipments to be in full swing by July 6th. Mr. Voorhies who so successfully managed the packing house last year, will again be in charge.

While the apple crop is estimated to be but 25 per cent this season, due to late and heavy rains, the Bartlett pear crop more than offsets it. The Association will also pack and ship pears for its members, the present estimate being about 30 carloads for the Eastern market. Pears have opened up at the fine price of $72 per ton f. o. b. Vineburg, with even a better price being offered by the Eastern buyers.

At Monday night's meeting the growers were addressed by County Horticultural Commissioner Bremner, and maturity of apples, inspection and other phases of the business were very satisfactorily talked over.

The Association is in a flourishing condition and has demonstrated its great value to the fruit men of Sonoma Valley.

BAD AUTO ACCIDENT NEAR TOWN THURSDAY

Steve Morrison, well known carpenter and Giacomo Carmine, taxi driver, had a narrow escape from serious injury, if not death, when their Chevrolet car, driven by Giacomo, was crowded off the highway near Baccala's corner Thursday and overturned. Morrison was extricated from the badly wrecked car by passersby and was found to be badly cut about the head, besides suffering many bruises. The driver of the car escaped with a bad shaking up and slight injuries.

Morrison was hurried to the office of Dr. Thomson where his wound was dressed, and due to his advanced age his condition is considered serious.

The car was taken to Garry's Garage, on Spain street, where extensive repairs will be necessary in order to make it again look like a real auto.

W. W. Carter, realtor, his son, Walter, Miss Elizabeth Lewis and Mr. and Mrs. F. H. Edrington are in San Diego.

VAUDEVILLE AND DANCE FOR ST. FRANCIS BENEFIT

Rev. J. F. Byrne and his committees announce a big vaudeville show and dance at Boyes Springs Theatre July 24th. San Francisco's cleverest talent will contribute numbers to the program and an exceptional program is promised.

The benefit will aid the improvement fund which has been considerably taxed through the splendid improvements made at the convent which has been converted into a hall for the Y. M. I. and Y. L. I. of Sonoma this year.

MRS. REVIE IN HOSPITAL

Mrs. Joseph Revie, of El Verano, was taken to the General Hospital, at Santa Rosa, this week following a serious illness from which she had been suffering. The many friends of the family hope for the best news from the bedside of this esteemed wife and mother.

Boyes Springs Fire Dept. Benefit At New Theatre

The following communication, received from the president of the Boyes Springs and Valley Volunteer Fire Department, will be of interest to all who have the welfare and safety of Sonoma Valley at heart:

Editor, Index-Tribune:

Boyes Springs and Valley volunteer firemen announce a grand ball and entertainment to be given at the new Boyes Springs theatre Wednesday night, July 15th, for the purpose of raising funds to clear off the remaining indebtedness of the department and to keep a man on duty at the fire house day and night from July 1st to the close of the danger season.

Since the present management took over the affairs of the department, less than a year ago, the generous support of the public has enabled us to pay off over $1000 of the debt and to keep up the running expense for lights, telephone, repairs, gas and chemicals, without incurring further obligations There is still a balance of $400 of the old debt to be cared for, while necessary chemicals, supplies and pay for a watchman for the summer months will amount to at least as much more.

Messrs. Partridge and Lichtenberg, the enterprising managers of the Boyes Springs Hotel Company, have generously given us the use of their fine new theatre with lights and music for the occasion free of charge. A crowded house should show the public's appreciation of this liberal donation and of the magnificent work these gentlemen are doing for the upbuilding of the new Boyes Springs and its surrounding communities. Come and see the best appointed bathing resort in all California.

A committee of seven, Messrs. Kearney, Peterson, Baines, Maley, Jasper, Fleming and Gibson, will spare no pains to provide an entertainment well worth the price of admission. Tickets may be obtained fro many member of the committee or their canvassers. We have 2000 tickets. Let's sell 'em all.

A. E. JOSCELYN, President.

Little Sonoma Musician Plays Over K F R C

Temple Clewe, pianist, nine year old son of Mr. and Msr. Will Clewe, has the proud distinction of having broadcasted some of his music over KFRC. Temple happened to be in San Francisco last week and visited the broadcasting station, in which he was much interested. The radio chief became interested in Temple, also, and when he found out he was a musician, let him "do his stuff" for friends of the air. Sonoma listeners-in declare Master Clewe's number was most excellent.

EXTREMES IN WEATHER IN SONOMA VALLEY

Sonoma Valley experienced the unusual visitation of thunder and lightning on Friday night of last week. The electric storm was followed by a shower.

Wednesday of this week was the hottest day of the season, the thermometer hovering slightly above the 100 mark. The customary cool nights however, for which Sonoma Valley is famous, gave this section an advantage over many parts of California during the heat wave, which was state wide.

The mineral swimming plunges at the Springs did a record business.

OLIVE O'DONNELL BRIDE OF MAURICE NELLIGAN

Without taking even their parents into their confidence, Miss Olive Louise O'Donnell, daughter of Dr. and Mrs. George O'Donnell, of Glen Ellen, and Maurice Nelligan, prominent business man of Santa Rosa, motored to Truckee and were quietly married Thursday afternoon. Dr. and Mrs. Richard Schofield met them in Truckee and witnessed the ceremony.

Immediately following the ceremony the bridal couple left to spend the honeymoon at Lake Tahoe. They expect to visit Yosemite Valley before returning to make their home in Santa Rosa.

FRANCHESKI GOES FREE

A. Francheski, of Sonoma, arrested by the Sonoma county dry squad on a charge of illegal possession of intoxicating liquor, following a raid on his place at Sonoma, was freed Thursday by Judge Vaughan when attorneys and witnesses for the prosecution failed to appear against Francheski.

Hearing of the charges against Francheski had been set for 10 o'clock by the district attorney's office and the defense attorneys. When Francheski appeared in court to face the charges against him the prosecutors failed to appear. It is understood that District Attorney G. W. Hoyle is in Santa Cruz attending a convention of California district attorneys. Judge Vaughan dismissed the charges against Francheski, who has been free on bond since his arrest. F. Sprague is his attorney.

OLD RESIDENT IS VICTIM OF HEART FAILURE

For Almost 40 Years Watt Was Farmer of Sonoma Valley, Where He Reared Family.

Matthew Watt, resident of Sonoma Valley since 1886, was found dead in bed early Monday morning by his son, R. L. Watt. Deceased had been suffering with a heart attack, and at the coroner's inquest the verdict was in accordance with these circumstances, the verdict being death from natural causes.

Mr. Watt was born in Dunbar, Scotland, in 1849, and was a letter carrier in the old country. It was there he laid his wife and a little son, Matthew, Jr., to rest, they having preceded him to the Great Beyond many years ago.

Coming to California, he settled here in Sonoma Valley, where he reared his children, now grown to young manhood and womanhood, and prominent in affairs of this section. The surviving children are Mrs. Joseph Revie, of El Verano, Mrs. Jack Guilfoyle and Mrs. Joe Kiser of Schellville, and R. L. Watt, prominent fruit grower. Ten grandchildren also survive the pioneer, who was laid to rest here Wednesday by his devoted children.

Funeral services were at the home in Schellville, where many friends, both from here and out of town, gathered to pay their last respects. Rev. Isaac Cookman officiated. The remains were temporarily placed in the receiving vault at Mountain cemetery.

SUBMITS TO OPERATION

Mrs. Fred Stuermer of Sonoma Vista, mother of Fire Chief Walter Stuermer and of Fred Stuermer, of the San Rafael and Sonoma Valley auto stage line, underwent a serious operation at the Burnsdale sanitarium this week. Her many friends hope for her speedy recovery, as Mrs. Stuermer is one of Sonoma Valley's most worthy women and beloved mothers.

APOLOGIZES TO OLDEST CHIEF OF POLICE

Just because Chief of Police James H. Albertson is 82 and the oldest officer in the state is no reason he can be trifled with. So learned Glen Cunningham, young Oakland resident, who tried to get away with it.

Cunningham recently violated Sonoma's parking ordinance and when Chief Albertson blew his whistle he not only ignored him, but made a nasty grimance and beat it. Pete Boccoli, deputy chief of police, gave chase and brought the offender back. He promised to appear before Judge Small the following Friday, but when Friday came, ignored the date of his appearance in court. Judge Small thereupon issued a warrant for the young man, who came from "my city Oakland" Thursday. He was made to apologize to Mr. Albertson, given a good raking over by the Chief of Police himself, and fined $15.

EL VERANO NEWS

By ARCHIBALD McKIVER

Our mosquito doctor, Bill Baines, made an investigation of the long-legged pests at Verano, near Rosenthal's Resort, last week. Mr. Rosenthan, a progressive gentleman, who conducts Rosenthal's Resort, has been alarmed of late upon the subject of mosquitoes. Baines, who is always on the job, was taken to a pool by Rosenthal, and to his amazement, when he reached the spot, Brother Rosenthal pointed out a number of skaters enjoying the water on a hot summer's day. "There they are in swarms," cried Rosenthal. After a lengthy discussion on "What Is a Mosquito?" our Verano friend was convinced that he did not know a water insect from a mosquito. The laugh was on Rosenthal. Webster defines a mosquito as "a small insect with long legs, of several different species of the genus Culep, having a sharp pointed proboscus by means of which it penetrates the skin of animals and humans and sucks their blood." A skater is an insect that never drowns because it stays on top of the water, and it cannot bite or fly.

Last week while O. Sutherland was mowing hay on the western foothills ranch of G. Merz, the team ran into an old well, several feet deep. The sides of the well caved in before the horses reached it, precipitating one to the bottom, while the other horse stepped on the boards, but the weight of its mate pulled it down also. A number of neighbors gave assistance and after three hours the horses were rescued by means of a block and tackle the horses were rescued, none the worse for the fall. The day was very hot and the horses nearly smothered before they were extricated.

William Locarnini, Star car agent, was in Oakland Monday, returning with a new 1925 Star car for a Sonoma Valley buyer.

Paul Vannucchi, resort owner, was spending the week end at Verano. Mr. Vannucchi is a well known greyhound enthusiast of San Francisco. Mrs. Vannucchi is conducting the hotel during the summer months and many reservations have been made.

Mr. and Mrs. L. Heinzman returned to Los Angeles Monday after enjoying a visit in Sonoma Valley. The southern visitors were guests at the West home.

H. West of San Francisco spent the week end with his parents here. West is an employee of Haas Bros.

Milton Peterson has returned to El Verano after spending the week at Santa Cruz, where he was the guest of the Azlmens, former residents of El Verano. Milt enjoyed the prize winning bathing girls at the south-ern resort and says the beauty of California was there.

Mr. and Mrs. J. Barry motored to El Verano from San Francisco Sunday, Mrs. Barry and friends remaining to spend the summer at their Nob Hill bungalow.

Attorney Cowan and friends, from Santa Rosa, were motor visitors to Sonoma Valley Sunday.

Tom McMann, well known grocer of Boyes Springs, was a visitor here Monday. McMann is also news agent at the Springs, and in order to accommodate the tourists, is having his San Francisco papers shipped in via the S. P. to El Verano, giving the vacationists a chance to get an eyeful of the news before breakfast. The service is popular with visitors at the Springs section.

Dave Forni is sporting a new 1925 Essex car. The road hound is sure a beauty and the owner is keeping the roads hot trying out the new car.

Pat Burns, veteran S. P. engineer, accompanied by his wife, arrived on Saturday evening for a visit at their summer home. Mr. Burns returned to Oakland Sunday afternoon, but Mrs. Burns will remain for a while.

Arthur McGill of Petaluma was visiting relatives here last week.

Henry Norrbom, Chevrolet king, went to Oakland last Saturday, returning with a new car for a Sonoma Valley buyer.

Closing exercises were held at the El Verano Grammar School on Friday evening of last week, at which time many were present to enjoy the program given by the pupils and see the graduates receive their diplomas. On last Saturday a picnic at the Russian River was enjoyed by the seventh and eighth grade pupils, Miss Thole, principal, and number of the parents.

Mr. and Mrs. L. Swain, of Mexico, after a pleasant visit of several days at the Swenssen home, have returned to their home.

Pete Yenni, Sonoma capitalist, boarded the S. P. Santa Rosa Flyer at El Verano Sunday morning, enroute to Sacramento to visit relatives.

E. J. O'Leary and family of San Francisco are vacationing at their Sonoma Vista bungalow.

Bob Smith, acting foreman at the Lombard ranch, has accepted a position as chief of a soft drink emporium in San Francisco.

Miss Irene Ducasse and brother are spending their vacation at Verano guests at Parente's Inn.

Mr. and Mrs. Joe Dowdall were week end visitors at their Dillon Beach summer cottage.

Tony Serres was visiting at the J. P. Serres home at Agua Caliente on Sunday. His wife has been quite ill in a San Francisco hospital.

The local Grammar School pupils are enjoying an eight weeks summer vacation.

Mrs. A. Lippe and Miss R. Smith of San Francisco are at their Coney Island bungalow for the summer.

The thunder, lightning and rain on Friday night of last week, was unexpected. Many residents arose from their slumbers to see what it was all about. Hot weather has set in since the storm and the good old summer time is here after a long winter. Many visitors are at the summer resorts and evening dances at the El Verano Villa are popular, as are the pictures at the Villa, screened by the Sonoma

SWEEPSTAKES
OF THE LOS ANGELES-YOSEMITE ECONOMY RUN
WON *with* ZEROLENE

The Los Angeles-Yosemite Economy Run of May 22-23—the ranking stock car event of its kind in the United States, gave motordom new official mileage records to vie for—and another impressive victory for Zerolene!

The Rollin, lubricated with Zerolene, carried off the sweepstakes—winning the award for the highest efficiency and gasoline economy established in the run. Piloted by Joe Bozzani, the Rollin's gasoline economy record for the 360 mile run from Los Angeles into the Sierras to Camp Curry was 27.43 miles per gallon of gasoline.

When Zerolene brings in the Sweepstakes Winner of the most competitive motoring event of the year—when it is the choice of more motorists in the Pacific Coast states than any other oil made—won't it pay you to use Zerolene—a better oil even if it does cost less?

STANDARD OIL COMPANY

THAT COMMENCEMENT PRINTING

On our desk is an invitation to the commencement exercises of the Lowell High School, of San Francsico—an attractive card neatly printed and printed in that city.

For some years past the Sonoma High School has had its commencement cards printed in Los Angeles, a glib salesman coming into Sonoma each year and taking good orders and money out of town, while the local printers, who are also tax payers are told their work is not novel enough. We believe this practice should stop and the proper tip from principal and trustees will keep Los Angeles out of the small schools field. Here is a chance to start right in inculcating the right civic spirit. The Index-Tribune takes a keen interest in the Sonoma Valley Union High School, as does both papers, in fact, and we believe reciprocity would be in good taste.

A WOMAN FOR GOVERNOR OF CALIFORNIA

The expected has happened. Some up-and-coming would-be leader has announced that a woman is to be entered in the race for the governorship of California. The lady mentioned is a prominent and charming club woman whose picture has persistently appeared in the news columns of San Francisco papers for some months past and whose name is familiar to those who follow current social and philanthropic events. There is nothing wrong with the lady, but there is something the matter with those who would encourage the lady to run, for California, with all deference to the gentle sex, is not thinking seriously of putting a woman in the Governor's chair and she would be certain of defeat.

People are coming more and more to realize that women, by nature, are too emotional to act in all exigencies, and are swayed too readily by the silvery tongue and leadership of propagandists. An editor who for years advocated and voted for woman suffrage, recently came out and said that if he had it to do again he would not be in favor of enfranchising women. We do not agree with our contemporary to that extent, for we believe that women have made good in many respects in public life, their interest in political issues alone being worth while as a home educational influence. In high places, such as Governor, however, with momentous propositions ever before them and the ticklish veto power, and the dangerous pardon prerogative in their hands, it would be folly for a State like California, anxious to develop its empire and make strides, to consider a woman as its chief executive.

Governor Richardson, who is known to be stronger than ever, both in Southern and Northern California and will easily win again, could not pile up a handsomer majority than by having a woman rival for the office. If some club women and sob sisters of California want to accomplish his defeat they will not get very far with the woman for Governor plan.

The governorship of California is a man-size job.

Now that LaFollette has gone to higher councils in the Great Beyond, there is talk that Hiram Johnson may succeed him as leader of a third party. Hiram sung his swan-song after the national convention showdown and is done. LaFollette was a real leader and a man of accomplishment. Mankind, not politicians, interested him throughout his long life. There isc no comparison as to the capacities of the men. Through La Follette's personal point of views were radical, he meant well. The dear peepul of Hiram Johnson has always been "the molasses." LaFollette's successor will be hard to find. The persistent performance of replacing deceased office holders with their widows is sentimental rot. Once in a great while the honor may be justly bestowed. To make it a precedent is folly.

DUMPING LIQUOR AND MORAL EFFECTS

It has always seemed stupid and sinful to us that great quantities of excellent wine and some good liquor are regularly consigned to the sewer since prohibition. With the salvage of good alcohol possible—alcohol which has a value and may be denatured for rubs or scientific purposes—it seems unpardonable to actually waste the stuff. The only answer to the stupidity seemed to be the moral effect of the spectacular punishment of dumping. It might be construed as a solar plexus to John Barleycorn but for the fact that for every gallon of good liquor destroyed hundreds of gallons of new wine and over night illicit moonshine were straightway thrown on the market, so dumping had no effect on quantity but did hit quality. It did not discourage drinking, particularly of those young and inexperienced.

So on the whole, the moral effect was the thing; it must be so, we thought, until investigation went to show that seized liquor was not safe unless dumped. It had a habit of disappearing—a habit as persistent as fermentation—and scandal attached itself to those who were custodians of it. The moral effect of undumped liquor was decidedly bad. When judges permitted good liquor to be used for hospitals or similar sensible purpose, what happens?

The following article from the June 20th issue of the Trinity Journal, published at Weaverville, California tells the story:

"There are 120 gallons less moonshine liquor in Trinity County today than there was a few days ago. Sheriff T. J. Montgomery poured that much down the sewer, on orders from Justice of the Peace D. H. Barber, Weaverville Township.

"One hundred gallons were taken from Charles Spencer in August, 1924, on Scott Mountain, between Trinity and Siskiyou Counties, where Spencer had a still, the largest ever found in the County. The other 20 gallons had been the property of one W. G. Woolner, formerly of Suisun, who brought it here in an automobile and was making rapid sales when arrested.

"The liquor, or samples of it, had been tested by the State laboratory, at Berkeley, and found to be good stuff. Judge Barber finally made an order that the liquor be taken to the county hospital, to be used for medicinal purposes. Along about this time it was rumored that liquor had disappeared from the hospital, and when the matter was brought to the attention of the Board of Supervisors they would not take charge of such a large amount of intoxicating beverage, fearing that there might be more rumors of liquor being handed out from the stores at the hospital. Although those who know Superintendent E. E. Harrigan of the County Hospital do not believe that he would give away or sell liquor or other property of the County, such rumors were not pleasant, as taxpayers in remote sections of the County might give credence to them.

"Thus a new order was made by Justice Barber that the liquor be dumped in the sewer.

SONOMA CO. ADVERTISED AT THE SHRINERS' FETE

Outstanding among the features in the gigantic floral parade and pageant staged by the school children of Southern California for the entertainment of the visiting Shriners at Los Angeles recently was a float depicting the raising of the Bear Flag.

A line of floats, three miles long, told in vivid fashion the early history and development of the Golden West to the present day, each school portraying some phase of the early history of the state.

Of course, with Southern California's usual becoming modesty, the historical incidents of that section of the state were perhaps a wee bit stressed. Therefore, it was with much pleasure and considerable surprise that Shriners from this county viewed a very artistic float, emblazoned upon the sides of which were the words "Sonoma County—Bear Flag Day." Their surprise would not have been so great, however, had they known that the young lady who designed and executed the float was a loyal Sonoma county girl, Miss Gussie Wedehase, of Sebastopol, who has been teaching school in Los Angeles for the past two years.

When appointed chairman of a committee to arrange a float to be entered in the parade by the school in which she teaches, Miss Wedehase conceived the idea of depicting one of the most important historical events in her own county, that of the raising of the Bear Flag. In carrying her idea to a successful consummation, she encountered a number of difficulties, chief among which was the securing of a Bear Flag. This problem was solved by appealing to the Los Angeles headquarters of the N. S. G. W., which organization supplied her with the much sought emblem. Through the loyalty and the thoughtfulness of Miss Wedehase, Sonoma county received a fine bit of advertising in the great Shriners' parade in the southland.

Mr. and Mrs. Fritz Steiger entertained Berkeley and Napa friends on last Sunday.

Growth of Some of the California Pear Markets Since 1920

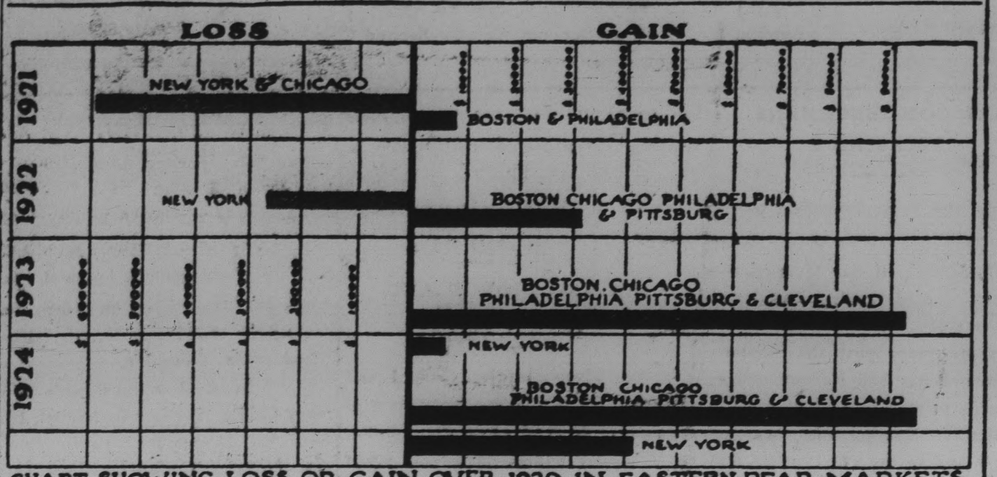

CHART SHOWING LOSS OR GAIN OVER 1920 IN EASTERN PEAR MARKETS

Chart by Courtesy of California Pear Growers' Association

THINGS have been looking up in most of the Eastern California pear markets in the past four years. The chart above shows some interesting comparisons in the loss or gain that succeeding years have shown over the year 1920.

It will be seen that last year, 1924, all of the cities shown on the map showed considerable of an increase. In 1923, all of the markets were above the line set by 1920. In 1922, New York fell below. And in 1921 both New York and Chicago show less profits than the year 1920.

What is the reason that some markets get continually better, some grow slowly better and still others seem to be most erratic.

Here is a large part of the answer. Merchandising Campaigns, advertising California Bartlett Pears, have been conducted in the cities of Boston and Philadelphia during all the years shown on the chart. These two cities have proven consistently good markets.

Advertising was started in Chicago in 1922. Note the jump that the market took as shown on the chart. In 1921 Chicago consumed less pears than in 1920, but in 1922 the first advertising campaign was launched for Chicago. Since then it has run away from New York, its companion city. Advertising in New York did not start until 1924.

In Cleveland and Pittsburgh the year 1921 just held its own with the preceeding year. In 1922 Cleveland still held its own without advertising. During this year, however, advertising was started in Pittsburgh with the result that there was a net gain for that year of more than $40,000. The following two years advertising was continued in both Cleveland and Pittsburgh.

The total net gain, over 1920, in cities in which advertising has been done is more than $2,000,000.

It is only when it is brought home to us with figures such as these that we realize how large a place advertising holds in our lives today

SAMUEL FIELD, OF FIELD & PAYNE, DIES

Samuel B. Field, of Oakland, brother of J. J. and D. H. Payne of Boyes Springs died June 19th at the home of his brothers. He was a native of New York City, aged 59 years, coming to California in 1874 and settling in Tehama county.

The funeral of the well known business man, member of the firm of Field &Payne, was held from the Sonoma M. E. church Monday afternoon, Rev. S. E. Crowe officiating. The services were most impressive, the choir rendering beautiful selections.

Deceased was a man of many splendid attainments and from an early age was gifted with his pen. A lover of nature and the great outdoors, he left verses such as this, "The Song of the Whispering Pine," written when he was 16, showing the finer qualities of mind and understanding:

"Every tree seems to tell its own story—
Each speaks in a different tone;
For the thrifty young saplings but whisper
Of life and contentment alone;
While the great towering trees loudly murmur,
The dying bewail their decline;
Each portrays its own heart as it sings its own part
Of the wonderful song of the pine."

swept by fire shortly before he died.

Over its ruins will be fashioned the club house shrine, which in design will follow the plans of the author, but which is to be two stories high and with wing additions that had not been cotemplated by the man who spread the fame of the Valley of the Moon to the world. All privileges of the club house and grounds, with its polo fields, golf links, theatre and a natural amphitheatre in the hills near by, will be given the members of the club. Nearby will be a 91 room tourist hotel.

The society also plans to sell lots within the memorial tract, where artists and others may build summer homes. A rigid control will be exercised over this property and only those of undoubted reputation will be privileged to purchase.

Persons world famous in all walks of art—literature, painting, sculpture and music—are joining the memorial society, whose membership will be limited to 500. The society is asking and getting $1000 a member for initiation fees and is to charge $5 a month in dues.

QUIET TITLE SUIT SET FOR MONDAY

A quiet title suit involving land in Sonoma will begin before a jury on Monday in Department Two of the Superior Court, with Judge Ross Campbell presiding in place of Judge R. L. Thompson, who leaves Sunday for a month's extra session on the superior bench in Los Angeles county. The action is that brought by Richard L. Watt against Octavia Copeland, and involves a question of property transfer from an estate.

Mrs. William J. Kreuzer of West El Verano has as her guests Misses Adelaide Wells and Margaret Enos, of Oakland. She entertained them with a delightful motor trip to the Petrified Forest.

MRS. BURMESTER'S MOTHER IS HOME

Mrs. Hesse, mother of Mrs. H. D. Burmester, who has been abroad two years, is returning home tomorrow. Her daughter will go down to meet her when she arrives in Oakland. The lady, well known here, has been visiting relatives in her native Germany and has been splendidly entertained during her European sojourn.

Mrs. Hesse encountered very severe weather on the homeward journey. The boat arrived three days overdue in New York as the result of encountering icebergs and running into fog banks.

PROHI IMPLICATED HERE SURRENDERS

Hal Emory, a former prohibition agent who became a fugitive from justice when accused of an attempted bribe from San Sebastiani, wealthy Sonoma wine man, has been found.

Emory was discovered working on a ranch up north and upon being confronted with his identity, agreed to go to San Francisco and give himself up. He was permitted freedom on his own recognizance.

Emory was implicated with two others in the alleged "hold-up."

This is not the only case in which attempted extortion was tried on Sebastiani. At the present time Miles Perricci is in San Quentin serving time for a similar offense in San Jose. Perucci was among those who tried to frame Sebastiani for money.

ATTENDED GRADUATION OF HER NAMESAKE

Mrs. Jack London of Glen Ellen attended the graduation of her niece and namesake, Charmian Byrne, at the Sonoma Valley Union High School on Friday night of last week. FALL BREAKS WOMAN'S HIP

Mrs. M. Brown, 72, of Petaluma, fell Tuesday night at her home and broke her right hip bone. She was taken to the Petaluma General Hospital where Dr. S. Z. Peoples reduced the fracture. Her daughters, Mrs. Bridges and Mrs. Murphy, were summoned from San Francisco.

Mrs. Brown formerly resided here with her daughter, Mrs. Bridges.

Dr. Fred Butler of Eldridge has gone East to attend a conclave of physicians on metal disorders.

LAID TO REST IN MOUNTAIN CEMETERY

Mrs. Mary Landy of Petaluma, who resided in Sonoma in years gone by when her sons were prominent in dredger work at Reclamation, died Monday night at her Petaluma home. Her sudden demise was a shock to the family and friends.

Mrs. Landy had been ill for two weeks, and in getting out of bed to walk across the kitchen, she collapsed. Her physician was immediately summoned, but the good mother had passed away. Mrs. Bud Riley (May Landy) her only daughter, had been up from Oakland caring for Mrs. Landy during her last illness, but did not realize that the end was so near.

Two sons of deceased, Captain James Landy and John Landy and two grand children, Dolores and Bernice Riley, are left with the daughter to mourn the passing of the pioneer woman.

The family has many old friends here who were sorry to hear of the bereavement. Captain James Landy is out of the dredging business and for several years past has held a responsible position with the California Fish and Game Commission, with headquarters at Ukiah. John Landy is the superintendent of a big reclamation project with headquarters at Stockton. The only daughter, May Landy, now Mrs. Riley, of Oakland, will be remembered as a student at the Presentation Convert here, and is now the mother of two pretty young daughters. The grand daughters share with the others the loss of the kindly pioneer mother and grand mother whose long life was a record of good deeds and devotion.

Her funeral was held here in Sonoma with interment beside the late husband, who preceded her to the Great Beyond many years ago.

Mrs. George Crowe has been seriously ill with sciatica at her home near Napa, where Mr. Crowe is connected with the Farm Bureau.

Miss Elizabeth Lewis, daughter of Mr. and Mrs. Sam Lewis, who graduated from the Sonoma High School last week, is to attend Normal school and will become a teacher.

GRAHAM BROTHERS OPEN FACTORY IN STOCKTON

Graham Brothers new Pacific Coast factory at Stockton was formally opened Thursday, June 18th, with appropriate ceremonies attended by representatives of the Stockton Chamber of Commerce, members of the new factory organization, officials from Dodge Brothers, Inc., and Graham Brothers home office, Dodge Brothers dealers from the Pacific Coast and adjoining states, and many other invited guests.

During the forenoon all were interested in inspecting the new factory and in becoming acquainted with the exceptional manufacturing facilities and with each other.

Mr. Williams, of Santa Rosa, Dodge Brothers dealer in this territory, is very enthusiastic in expressing his favorable opinion of Graham Brothers new factory since his return from attending the formal opening.

"Ability to fit quickly any one of the 28 different types of standard bodies which Graham Brothers have designed to satisfy the requirements of over 400 different lines of business and saving of time heretofore required for freight shipment from Eastern factories will benefit both the dealer and the purchaser greatly, says Mr. Williams.

"The addition of Graham Brothers factory to the constantly increasing number of manufacturing plants which are being established on the Pacific Coast to supply the rapidly enlarging Western market assures additional favor throughout the West which will supplement the good reputation these sturdy trucks have earned for ability, dependability and economy of operation."

EL VERANO NEWS

(Continued from Page Two)

Valley magnate, John Mohr.

Mr. and Mrs. Hawkins of Oakland, former residents, were week end visitors at the Minkel home.

Joe Danieli, with a party of friends, enjoyed Sunday at Bodega Bay, the guests of Rossi & Weaver, proprietors of an auto camp at the seaside.

Mr. and Mrs. Frank J. Weimer of Oakland are being entertained at the McCrae home.

R. E. Perkins of Sonoma returned Saturday after a several days visit with his son in the Sacramento Valley.

Austin O'Malley, who is visiting in Sonoma Valley, after serving at San Quentin prison as a guard since 1912, has handed in his resignation, as has Frank Clark, another veteran guard at the prison.

Mrs. J. Blackman left for San Francisco on the Saturday afternoon bus for a several days' visit.

Miss W. Thomas, charming young lady from San Francisco, was a guest at the Kearney home last Saturday.

Jake Friedeger, employee at the Sonoma State Home at Eldridge, was greeting El Verano friends Saturday.

Road Master Connors, who recently succeeded Mr. Hart, was over the Santa Rosa branch several days ago on his gasoline speeder. A crew of workmen have been busy putting the yards at El Verano in excellent shape.

John Boche, who was married recently at Tiburon, has returned with his bride from their honeymoon trip to Yosemite Valley and are being entertained by Mr. Boche's parents in South El Verano.

Miss Olga Lippi was the guest of Coney Island relatives Sunday.

John Serres, Sr., pioneer hotel man in the old days at El Verano, was a welcome visitor here Tuesday.

William Little of San Francisco spent Sunday at the Beach home, in Sonoma Vista. His wife is spending several weeks here with her parents, Mr. and Mrs. J. N. Beach.

Mr. and Mrs. Fred Lowell, Jr., the Misses Nonella and other San Francisco friends motored to El Verano Sunday and were dinner guests at the Nonella home.

Emmet Mullen has bought a new Essex car. This car is popular and many are seen on our highways. Emmet states that his new machine has all others skinned a mile for class, beauty and service.

Mrs. A. Hubbard, a sister of William Minkel, who in the early days resided on the old Nordwell ranch, was a week end visitor here. She will build a bungalow south of town and contemplates moving here from San Francisco, to make her permanent home. Contractor Minkel, El Verano will do the work.

Mrs. P. Allnick and Mr. and Mrs. A. B. Johnstone were first of the week visitors at the Minkel home.

Harry Rosemond, former star of the Orpheum vaudeville circuit, now retired and resting on his laurels in San Francisco, is spending his annual vacation here, registered at the Swiss-American Hotel.

The Misses H. and M. Taulis are visiting in San Francisco.

Our new tonsorial artist laid aside his razor and strap last Sunday afternoon and indulged in the healthful exercise of riding a bucking hoss belonging to A. Giocapacy. Summer guests lined our main streets and received a thrill as the buckaroo, at breakneck speed, passed through the village. All went well with the barber until suddenly the snorting steed took a short turn, went into a ditch and threw his rider. The barber then mounted again, and after a short exhibition was again thrown to the ground, receiving a few minor cuts and bruises. He says he is through with horseback riding and his visions of being a ride 'em cowboy have entirely vanished.

Mrs. Charles McDevitt and daughter, who have been residing at Sonoma, left via the S. P. Tuesday morning for the Summit, where they will join Mr. McDevitt for the summer months.

Messrs. Pini and Bianchini are two well known Sonoma residents who have embarked for Italy. Mr. Bianchini left last Sunday and will visit three months in the old country with relatives.

THE WOMAN'S CLUB SOCIAL AFTERNOON

The Sonoma Valley Woman's Club closed its before vacation sessions with a very enjoyable afternoon on Friday of last week. Preceding the social meeting, necessary business was transacted and resolutions adopted commending the Native Sons of the Golden West for marking famous historic places in Sonoma Valley.

Through a misunderstanding of dates the new county president, who was to have headed the program, did not arrive from Healdsburg, but Mrs. Jack Picetti, program leader, had arranged very enjoyable entertainment for members present. The program was as follows:

Dance, "Officer of the Day," June Picetti

Song, "Dream Daddy," Lila Cone.

Piano solo, Virginia Lowell.

Dance, "Chinese Lullaby," June Picetti.

The little dancers and singers are pupils of Miss Alfreda Smith. The "Chinese Lullaby," in costume, was most effective and displayed June's talent and grace to advantage.

Misses Janet Cooper and Jessie Hiser were hostesses.

Mr. and Mrs. C. Depender of Roseville, Mr. and Mrs. Walter Gaines and daughter of San Mateo and Mr. and Mrs. D. Potter of Vallejo comprised a nice family party at the G. Breitenbach home over the last week end.

Andrew Cuneo, daughter and son-in-law of San Francisco are vacationing at Boyes Springs, where Mr. Cuneo owns a bungalow.

Mrs. Arthur S. Luce of Santa Rosa accompanied by her friend, Miss Proctor of Oakland, left yesterday for a trip to Yosemite Valley.

Mr. and Mrs. Jimmy Sterling of San Francisco were here Thursday and Friday, guests at the Plaza Hotel. Jimmy, an old Sonoma boy, has a responsible position at the Scottish Rite Temple, San Francisco. His wife, an expert stenographer, is employed in the Fashion Arts School. They are on their vacation.

My father, Francesco Quatrocolo, has again left my board and home. I will not be responsible for any debts incurred by him.
